4.3 Sophistication and Risk of Cryptographic Systems

By utilizing the Services or interacting with the Site in any way, you represent that you understand the inherent risks associated with cryptographic systems; and warrant that you have an understanding of the usage and intricacies of native cryptographic tokens, like Ether (ETH) and Bitcoin (BTC), smart contract based tokens such as those that follow the Ethereum Token Standard (<https://github.com/ethereum/EIPs/issues/20>), and blockchain-based software systems.

The Company does not own or control any of the underlying software through which blockchain networks are formed. In general, the underlying software for blockchain networks tends to be open source such that anyone can use, copy, modify, and distribute it. By using the Services, you acknowledge and agree (i) that Company is not responsible for operation of the underlying software and networks that there exists no guarantee of functionality, security, or availability of such software and networks; and (ii) that the underlying protocols are subject to sudden changes in operating rules (known as “ Forks ”), and that such Forks may materially affect the Services. It might be discretionarily decided not to support (or cease supporting) the Forked network entirely. You acknowledge and agree that Company assumes absolutely no responsibility whatsoever in respect of any underlying software protocols, whether Forked or not.

Underlying networks use public/private key cryptography. You alone are responsible for securing your private key(s). Company does not have access to your private key(s). Losing control of your private key will permanently and irreversibly deny you access to funds on the Ethereum blockchain or other network. Neither Company nor any other person will be able to retrieve or protect your funds. Once your private key(s) is lost, you will not be able to transfer your Digital Assets to any other address or wallet. If this occurs, you will not be able to realize any value or utility that you may hold now or in future.

4.4 Risk of Regulatory Actions in One or More Jurisdictions

The Services, Digital Assets and ETH could be impacted by one or more regulatory inquiries or regulatory action, which could impede or limit the ability of Company to continue to develop, or which could impede or limit your ability to access or use the Services or Ethereum blockchain, including access to your Digital Assets or other funds.

4.5 Risk of Weaknesses or Exploits in the Field of Cryptography

You acknowledge and understand that Cryptography is a progressing field. Advances in code cracking or technical advances such as the development of quantum computers may present risks to cryptocurrencies, Digital Assets and Services, which could result in the theft or loss of your Digital Assets or property. To the extent possible, it is intended to update the protocol underlying the Services to account for any advances in cryptography and to incorporate additional security measures, but does not guarantee or otherwise represent full security of the

system. By using the Services or accessing the Site, you acknowledge these inherent risks.

4.6 Volatility of Cryptocurrency

You understand that Ethereum and other blockchain technologies and associated Digital Assets, currencies or tokens are highly volatile due to many factors including but not limited to adoption, speculation, technology and security risks. You also acknowledge that the cost of transacting on such technologies is variable and may increase at any time causing impact to any activities taking place on the Ethereum blockchain. You acknowledge these risks and represent that Company cannot be held liable for such fluctuations or increased costs.

4.7 Application Security

You acknowledge that the Services are subject to flaws and acknowledge that you are solely responsible for evaluating any code provided by the Services or Site. This warning and others provided in this Agreement by Company in no way evidence or represent an ongoing duty to alert you to all of the potential risks of utilizing the Services or accessing the Site.

You acknowledge and agree that we are not responsible for any aspect of the information, content, or services contained in any third-party materials or on any third party sites accessible or linked to the Site or available via other relevant tools.

No representation is made as to the accuracy, completeness or appropriateness for any particular purpose of any pricing information distributed via the Site. Prices and pricing information may be higher or lower than prices available on other platforms.

4.9 Technical Knowledge

Any use or interaction with the Services requires a comprehensive understanding of applied cryptography and computer science in order to appreciate the inherent risks, including those listed above. You represent and warrant that you possess relevant knowledge and skills. Any reference to a type of Digital Asset on the Site does not indicate our approval or disapproval of the underlying technology regarding such type of Digital Asset, and should not be used as a

substitute for your own understanding of the risks specific to each type of Digital Asset. We make no warranty as to the suitability of the Digital Assets referenced on the Site and assume no fiduciary duty in our relations with you.

4.10 Financial Risks

Use of the Services, in particular for trading Digital Assets, may carry financial risk. You acknowledge and agree that you will access and use the Site and the Services at your own risk. The risk of loss in trading Digital Assets can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. By using the Services, you represent that you have been, are and will be solely responsible for making your own independent appraisal and investigations into the risks of a given transaction and the underlying Digital Assets. You represent that you have sufficient knowledge, market sophistication, professional advice and experience to make your own evaluation of the merits and risks of any transaction conducted via the Services or any underlying Digital Asset. 4.12 Operational Risks

You are aware of and accept the risk of operational challenges. The Site may experience sophisticated cyber attacks, unexpected surges in activity or other operational or technical difficulties that may cause interruptions to or delays on the Site. You agree to accept the risk of the Services failure resulting from unanticipated or heightened technical difficulties, including those resulting from sophisticated attacks, and you agree not to hold us accountable for any related losses. We will not bear any liability, whatsoever, for any damage or interruptions caused by any viruses that may affect your computer or other equipment, or any phishing, spoofing or other attack. We advise the regular use of a reputable and readily available virus screening and prevention software. We do not guarantee that the Site is or will remain updated, complete, correct or secure, or that access to the Site will be uninterrupted. The Site may include

inaccuracies, errors and materials that violate or conflict with this Agreement. Additionally, third parties may make unauthorized alterations to the Site or the software underlying the Services. Accordingly, you should verify all information on the Site before relying on it, and all decisions based on information contained on the Site are your sole responsibility and we will have no liability for such decisions.

11.1 Initial Dispute Resolution

Please read the following section carefully because it requires you to arbitrate certain disputes with the Company and limits the manner in which you can seek relief from the Company.

11.2 Binding Arbitration

Except for disputes in which either party seeks to bring an individual action in small claims court or seeks injunctive or other equitable relief for the alleged unlawful use of copyrights, trademarks, trade names, logos, trade secrets or patents, you and the Company: (a) waive your right to have any and all disputes or claims arising from this Agreement or the Company (collectively, "Disputes") resolved in a court; and (b) waive your right to a jury trial. Instead, you and the Company will arbitrate Disputes through binding arbitration (which is the referral of a Dispute to one or more persons charged with reviewing the Dispute and making a final and binding determination to resolve it, instead of having the Dispute decided by a judge or jury in court).

11.3. No Class Arbitrations, Class Actions or Representative Actions

You and the Company agree that any dispute is personal to you and the Company and that any such dispute will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. Neither party agrees to class arbitration or to an arbitration in which an individual attempts to resolve a dispute as a representative of another individual or group of individuals. Further, you and the Company agree that a dispute cannot be brought as a class, or other type of representative action, whether within or outside of arbitration, or on behalf of any other individual or group of individuals.

You may also litigate a Dispute in small claims court located in the county where you reside if the Dispute meets the requirements to be heard in small claims court.

11.5. Authority of Arbitrator

As limited by the FAA, this Agreement and applicable JAMS rules, the arbitrator will have: (a) the exclusive authority and jurisdiction to make all procedural and substantive decisions regarding a Dispute; and (b) the authority to grant any remedy that would otherwise be available in court. The arbitrator may only conduct an individual arbitration and may not consolidate more than one individual's claims, preside over any type of class or representative proceeding or preside over any proceeding involving more than one individual.

11.6. Rules of JAMS

The rules of, and additional information about, JAMS are available on the JAMS website at <http://www.jamsadr.com/>, as may be updated from time to time. By agreeing to be bound by this Agreement, you either: (a) acknowledge and agree that you have read and understand the rules of JAMS; or (b) waive your opportunity to read the rules of JAMS and any claim that the rules of JAMS are unfair or should not apply for any reason.
